

Sixth Form Careers Newsletter

Number Seven
To all Year 12

Below is the website information relating to Lifetracks which is for alternatives to university and The Site which is about more personal and social issues.!!!
From Mrs Maclean

Thank you for visiting our charities' (YouthNet) stands at the recent Regional Skills event in Coventry. We hope that you and your students find our websites Lifetracks.com<<http://www.lifetracks.com/>> and TheSite.org<<http://www.thesite.org/>> useful.

We are currently working on the new quarterly newsletter, which you sign up to at the event. The first of these will be sent out to you in the coming month. It will be packed full of features, tools and events - helpful and relevant to the work you undertake with young people.

Lastly, we are running a competition which some of the people you work with might find of interest? The competition is called LifeSupport: Change through art<<http://www.thesite.org/lifesupport/>> and gives young people between 16-25 the opportunity to express how the recession has impacted upon their life and the lives of those they know. The winning entry will receive £1000 towards their artistic/educational development and will have their piece shown at an event at London's Design Museum.

If you have any questions regarding our various sites (or the competition) please do not hesitate to contact me.

Kind regards,
Ollie Drackford
Marketing Officer
